Heavy loads transported easily

The perfect companion for the start of your season

handy, light and universally applicable

With our lightweight but extremely robust transport trolley made of corrosion-resistant aluminum, you can get your outboard out of winter storage and onto the water in no time at all!

Whether for transportation, storage or maintenance - this practical helper impresses with its sophisticated square design, which offers maximum stability with minimum weight (only 4.3 kg / 9.48 pounds!). Thanks to the clever folding mechanism, the trolley can be stowed away to save space in no time - ideal for anyone who wants to remain flexible. **Get started now - safely, comfortably and in style!**

Note: The transport trolley is compatible with short-shaft and long-shaft outboards up to 15 hp. You can find informative video material [here](#) »
