

Our In-House Brand

Strong Connections Onboard

For Commercial and Recreational Boating

Boating season is in full swing. There is now a demand for reliable and corrosion-resistant equipment that continues to perform well even under demanding conditions. The Marinetech range includes high-quality anchor rings, aluminium round thimbles, sheet shackles, stainless steel padlocks, shackle wrenches and many other practical components for use on board.

Approved for marine applications

mt Flush Fasteners®

These countersunk screws, made of high-quality A4 stainless steel and featuring innovative F-Head™ technology, provide a virtually flush finish thanks to their countersunk drive. Tested in a 500-hour salt spray test and optimally protected against corrosion thanks to their continuous, uninterrupted surface. Now available in sizes M3 to M8 **in our Onlineshop »**
